 not available		

## Kurzbeschreibung

Gewerbegebiet  
Gemeinde/Stadt  
Beschreibung  
Gewerbegebiet

Industriepark Schwerin  
Schwerin

With an area of 350 hectares, the Schwerin Industrial Park offers one of the largest industrial land potentials in the Hamburg metropolitan region for the settlement of companies from a wide range of industries. 200 hectares are still available. The industrial park is located on the southern outskirts of Schwerin, close to the A 24 motorway to Hamburg and the A 14 motorway to Wismar and Magdeburg. It is an attractive business location for national and international companies. Nine companies have already settled here. Global players such as Nestle; and producers in the aviation and automotive industries, medical technology and plastics processing can be found locally. The Swiss medical technology company Ypsomed AG started production in Schwerin Industrial Park in August 2019.

The site is fully developed and owned by the state capital Schwerin. Marketing is carried out by the Urban Development and Economic Affairs Department.
